VIVEKANANDA CHERUKUPALLY

AI GENERALIST / ML ENGINEER (CONTRACT)

Public profile: www.linkedin.com/in/vivekananda-cherukupally-396731379
Selected work: github.com/cherukupallyvivekananda76-oss

PROFILE

Builds practical AI tools, evaluates outputs, and improves the workflows around them.

EXPERIENCE

ML Engineer (Contract) - Handshake AI

JUL 2026 - PRESENT

Evaluates AI outputs for accuracy, relevance, consistency, and usability.
Iterates prompt-based systems with feedback; builds and tests automation pipelines.
Troubleshoots environments; works with Git/GitHub, Docker, and REST APIs.

SELECTED PROJECT EVIDENCE

AI Accountant Agent

IN PROGRESS / MAR 2026 - PRESENT

Developing an AI agent for financial tasks; compares outputs with hand calculations.

Pinterest Affiliate Automation App

BUILT / MAY-JUN 2026

Generates titles, descriptions and keywords; checks niche match and content relevance.

AI Tutor

PROTOTYPE / SEP 2025

A personalized-learning prototype using generative AI and an interface for learners.

StadiumFlow

DESIGNED / MAR 2025

A ticket-linked stadium navigation and services application design.

Automated Tractor Prototype

Built for the college Project Expo; his first hardware project.

EDUCATION & SKILLS

B.Tech, Computer Science & Engineering

Symbiosis Institute of Technology, Hyderabad / 2025-2029

Python, C++, C, JavaScript / Generative AI, LLMs, agents, prompt engineering
Model evaluation, output validation, Pandas, NumPy, SQL fundamentals
React, Node.js, REST APIs, Git, GitHub, Docker, Google AI Studio, Postman, n8n

ACTIVITIES

Under 25 Summit volunteer: event coordination, participant and technical support.
Technical presentations and speaking; Smart India, Open AI Virtual and Algorand hackathons.

Public resume. No private contact details or unverified outcome metrics included.
